Summer School

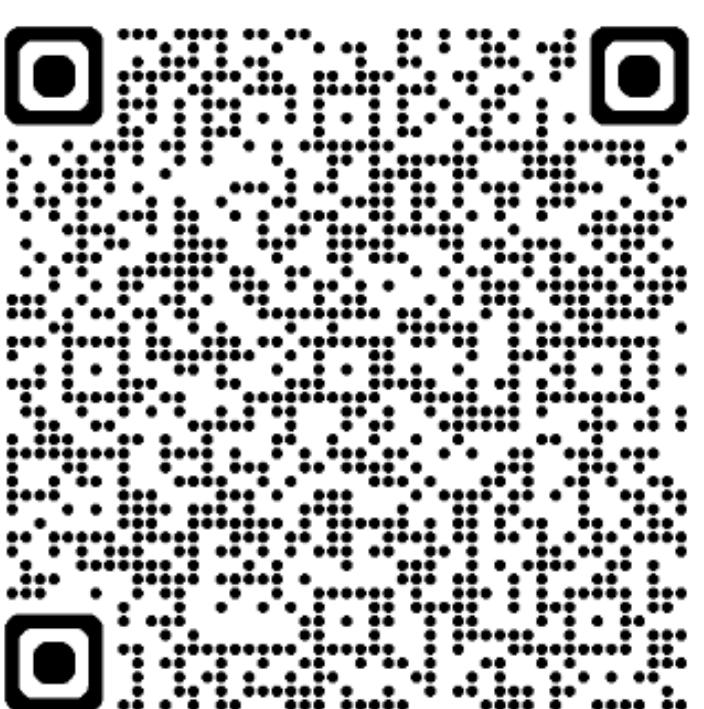

29th June to 1st July 2026

Join us for this three-day course based at Cambridge Maths School, where you will work with other female year 10 students to explore the wonderful world of the mathematical sciences.

- discover exciting mathematical ideas
- complete fun experiments
- take an inspiring trip to the University of Cambridge
- listen to female speakers in the field.

Activities will be designed to provide challenge and opportunities for collaboration.

The summer school is completely **FREE!**

**Applications
open until
19th April**
